

KONA Symposium 2012

Date : Wednesday, September 5, 2012, 13:30~16:30

Place : Hotel Nikko Kurashiki, Kurashiki, Japan

(URL : <http://www.nikko-kurashiki.com/>)

Rall capacity : ca 100 seats

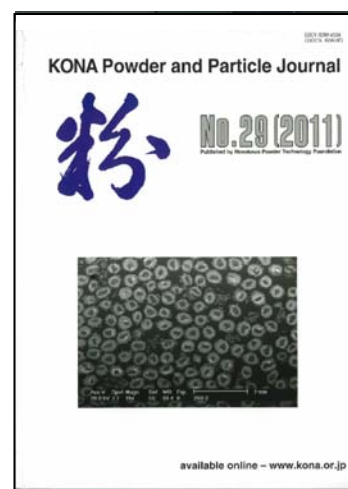

Organizer : Hosokawa Powder Technology Foundation

Registration: free (pay a visit directly to the symposium room)

Opening speech (13:30~13:40)

Prof.Yutaka Tsuji, Emeritus Prof.of Osaka Univ.,Japan

(Editor-in-Chief of KONA Powder and Particle Journal)

■ Session 1 Chaired by Prof.Yutaka Tsuji

Lecture 1 Dr. Olivera Milosevic, SASA, Serbia (13:40~14:10)

Aerosol-assisted Tuning of Structural and Morphological Features of Nanoscaled Functional Materials

Lecture 2 Prof.Di Zhang, Shanghai Jiao Tong Univ., P.R.China (14:10~14:40)

Bio-Inspired Functional Materials Templated from Nature Materials

Lecture 3 Dr.Soshu Kiriwara, JWRI, Osaka Univ., Japan (14:40~15:10)

Structural Joining of Ceramic Nanoparticles: Development of Photonic Crystals for Terahertz Wave Control by Using Micro Stereolithography

Coffee break (15:10~15:20)

■ Session 2 Chaired by Prof.Makio Naito, JWRI, Osaka Univ., Japan

Lecture 4 Dr.Steven Mullens, VITO, Belgium (15:20~15:50)

Designing with Pores-Synthesis and Applications

Lecture 5 Dr.Toyokazu Yokoyama, Hosokawa Micron Corp.,Japan (15:50~16:20)

Creation and Application of Nanoparticles for Advanced Functional Materials

Closing speech (16:20~16:30)
